

The MCA Competition Winners Announced

Two families have received prizes after successfully participating in two separate competitions organised by the Malta Communications Authority (MCA) and the BeSmartOnline Consortium respectively during the National Trade Fair in Ta' Qali.

Mr David Spiteri is the lucky winner of a Samsung Galaxy Tablet 3 after participating in an online quiz on the communications sector, which attracted approximately 260 participants. Individuals could participate in this quiz whilst visiting the MCA stand at the National Trade Fair during which the Authority provided a wealth of information to consumers on how to identify the communications package that is most suited to their individual needs. The Authority also took this opportunity to promote the various tools available to consumers such as the telecosts.com price comparison portal as well as information on consumer's rights in the communications sector.

Ms Helen D'Amato presented a Samsung Galaxy Tab Disney Edition to Ms Romina Vella in a Facebook photo competition which is based on the number of photo likes generated. This was just one of the activities organised as part of the BeSmartOnline! stand at the fair. The BeSmartOnline! project is part-financed by the EU and is coordinated by the Malta Communications Authority in conjunction with the Office of the Commissioner for Children and Appogg. This project is aimed at promoting Internet safety for children and generates awareness on the associated risks.

Further information may be obtained by contacting the Authority on 21336840 or on customercare@mca.org.mt
