EWG: Article 6 Assessment of Cross-Border Single Piece Tariffs

An MCA official participated in the Expert Working Group (EWG) meeting regarding Article 6 Assessment of Cross-Border Tariffs in Bonn, Germany on the 30th August 2018. The aim was to agree on the draft guidance used to assess cross-border tariffs and identify those which are unreasonably high. The guidance is to be adopted by the European Commission so as to have an affordable tariff across all member states. The Commission's objective is to push forward the eCommerce for the development of a single digital market.
